

NATIONAL STOCK EXCHANGE OF INDIA LIMITED

DEPARTMENT : MEMBERSHIP	
Download Ref.No.: NSE/MEM/22872	Date : March 5, 2013
Circular Ref.No.: 823/2013	

To All Members

Sub : Co-location Services at NSEIL Premises

This is further to our Circular No.7/2012 (Download Ref no. NSE/FA/22114) dated November 12, 2012, Circular No. 712 (Download Ref No. 14222) dated March 04, 2010 and Circular No. 693 (Download Ref No. 12985) dated August 31, 2009.

As a process of Continuous Improvement in the co-location facility offered by the Exchange, Trading Members may please note the following:

For Full Rack, the maximum permissible IPs will now be increased from 20 IPs to 30 IPs. Members who are currently using 20 IPs provision in Full rack will not have to change their current IP schema. In the newly proposed 30 IPs solution, a maximum of 15 IPs can be used for Order Connectivity (interactive messages) and other 15 IPs for Market Data (Tick by Tick). The power consumption still remains to maximum of 6 KVA per full rack and members will have to provide the undertaking for the same.

For Half Rack, the maximum permissible IPs will now be increased from 10 IPs to 12 IPs. Members who are currently using 10 IPs provision in half rack will need to change their current IP schema. The power consumption still remains to maximum of 3.5 KVA per half rack and members will have to provide the undertaking for the same.

In view of the above, you may kindly get in touch with the Colo_Support Help Desk on 022-26598815 or 022-61124900 for scheduling the above activity.
