* Internal usage refers to internal display or non-display usage

** Internal usage or via websites/software/applications/information tools etc.

Note:

- 1) For domestic clients, the above mentioned commercials are per medium of data display i.e. website/App being two different mediums. For international clients, commercials include usage on multiple mediums.
- 2) Real time market data vendors of NSE are allowed to provide 15 minutes (and more than 15 minutes) delayed data on their proprietary terminal/software without any additional fees for display. However if delayed data (15 minutes delayed or more) is provided in the form of data feeds to vendor's clients for any type of usage, written consent from DotEx is mandatory. Vendors are requested to get in touch with DotEx for any such requirements or advice their clients to contact DotEx.
- 3) Commercials are same even if the data is delayed by more than 15 minutes. For example, commercials for 20 min/30 min/1 hour delayed feed is same as 15 minute delayed feed.
- 4) Commercials for EOD data is different and is available on NSE website.
- 5) For trading members of NSE, applicable fees is INR 10,000 per annum per segment per medium of display.
- 6) Data Vendors who are interested in redistributing 15 min delayed feed to end clients should contact DotEx to discuss commercials.
